

## Kantor & Kantor Promotes Peter S. Sessions to Partner

Kantor & Kantor, LLP is proud to announce the promotion of Peter S. Sessions to Partner. Peter has been a cornerstone of the firm's ERISA litigation practice for nearly two decades and is known for his expertise, integrity, and compassion for clients.

As editor of Your ERISA Watch, Peter provides critical analysis on the latest developments in ERISA law, helping attorneys and claimants alike stay informed. Earlier this year, he secured a significant win in *Dharmaseena v. Metropolitan Life Insurance Co.*—a Long COVID disability case that set important precedent for individuals battling chronic illness.

Andrew M. Kantor, Senior and Managing Partner, shared:

*"Peter has built the foundation of Kantor & Kantor's ERISA practice, and is one of the firm's most respected and talented litigators. I am very excited that he is going to be a partner to help us succeed in the future."*

Peter S. Sessions added:

*"I couldn't be happier about becoming partner at Kantor & Kantor, which has been a force for good in protecting people's rights to insurance and employee benefits for more than two decades. The attorneys and staff here are smart, dedicated, and caring people who are a joy to collaborate with. I have been with Kantor & Kantor almost from the beginning and look forward to many more years of helping the firm grow in this new role."*

Congratulations, Peter — your leadership and dedication continue to strengthen our mission and inspire our entire team.
