

## Kantor & Kantor Named 2025 Top Boutique Law Firm by the *Daily Journal*

We are proud to share that Kantor & Kantor, LLP has been honored by the *Daily Journal* as a 2025 Top Boutique Law Firm.

This recognition reflects our unwavering commitment to individuals and families facing difficult insurance battles — and our belief that no person should be denied the benefits and care they’ve earned and deserve.

Since our founding in 2004 by Glenn and Lisa Kantor, the firm has grown from a family-run practice in Northridge into one of the nation’s most trusted law firms for ERISA and insurance benefit litigation. Today, Glenn and Lisa’s son Andrew Kantor leads the firm as Senior Partner, continuing the family legacy while expanding our reach nationwide.

### What This Award Represents

For us, this award is not just a legal honor — it’s a reflection of the people we serve. Every one of our cases represents a person or family fighting for stability, care, and dignity. We are grateful to our clients for trusting us during some of the hardest moments of their lives.

**“Our mission has always been simple — help people get the benefits they were promised, with compassion and relentless advocacy.”**

— *Senior Partner Andrew Kantor*

### A Year of Impactful Wins

In the past year alone, our team:

- Achieved class-wide ERISA relief and more than \$9 million in attorneys’ fees in a landmark benefits case
- Won long-term disability benefits and nearly \$89,500 in back payments for a client wrongfully denied coverage

- Secured a Ninth Circuit victory protecting access to residential mental health care for minors
- Recovered nearly \$633,000 in life insurance benefits for a surviving spouse in a fiduciary breach case

These outcomes reinforce why we do what we do: to secure life-changing results for people navigating serious health challenges and complex insurance denials.

### **Built on Values. Driven by Purpose.**

Our firm remains grounded in the values Glenn and Lisa instilled from day one:

- Treat every client with compassion and respect
- Deliver exceptional legal work
- Foster a supportive and people-centered culture
- Stand up for those who feel powerless

As we continue to grow our team and expand across the country, we stay rooted in our mission — people first, always.

### **Thank You**

To our clients, partners, healthcare and advocacy community colleagues, and team — thank you. This honor reflects your trust and support.

If you or someone you love has been denied disability, health, life, long-term care, or other insurance benefits, we are here to help.
